Rock Llewelin Setters

Raising Quality Setters in the Beautiful Northwest

Conditions of any future sale (Subject to change)(This is not a contract to buy/sell, immediately or in the future.):

If you are interested in purchasing a puppy from Rock Llewelin Setters, you must first complete and send this Puppy Request Form, which will provide us information about your lifestyle and that which you may provide for the dog. One of us will get in contact with you for further discussion, and if approved,* you will be put on the Waiting List. You can fill out this form and send it to us without a specific litter listed or not.

We'll let everyone know when the pregnancy is confirmed; at that time we will start taking deposits. When sending your deposit, you'll need to specify sex of the pup preferred; we will not reserve according to color. The Waiting List order, not the deposits order, will determine the picking order. If we don't have the specified sex of the pup that you want, you may take the other, wait for the next litter, or get a refund on your deposit. Also, while it is up to you to choose a pup on your own, since we are familiar with the pups, we will suggest those in the litter which would be most compatible. Lastly, if you are on the Waiting List but we haven't received your deposit by the time the puppies are 35 days old, you will be notified/reminded. If we still haven't received it by day 42, then the puppy picking process will proceed and you will not be able to pick until the deposit is received (regardless of Waiting List order). No puppies will be reserved without a deposit.

Puppies will be evaluated, priced, and chosen no earlier than six weeks of age. We will let you know when it is your turn to pick. We encourage you to schedule a visit to meet the pups after they've had their first vaccination. Ideally, everyone will decide on their pup between six and eight weeks of age, so that everything is in order when the pups are ready to be transferred at nine weeks.

The buyer **must** be the person taking care of the dog; RLS will **not** sell puppies to third parties or as surprises. Should a person wish to buy a pup as a gift, RLS requires the Puppy Request Form to be completed and the Bill of Sale to be signed by the person receiving the pup.

As a buyer, you would receive a signed copy of the Bill of Sale, Pedigree, FDSB registration papers, Health Record, Microchip Registration application, Emergency Contact Form, Nutrition Information, Spay and Neuter Information, Recommendations, and Familiar Commands and Schedule. You should be familiar with and willing to comply with the conditions stated on the Bill of Sale. Puppies will be fully weaned by nine weeks and will be expected to go to their new homes around nine weeks old. Additional late-pickup charges may be applied to the purchase price, if the puppy remains at RLS after ten weeks of age to cover the cost of feeding, vet expenses, and training. Payment in full (reserving-deposit deducted) is required before Bill of Sale is signed and puppy is released from RLS's ownership.

The puppy will come with a microchip registered to the buyer as the owner; the breeder will be listed as the emergency contact. Buyer may fill out an Emergency Contact List with as many other alternate or emergency contacts they wish, which RLS will keep confidentially and only use if the microchip company contacts them and the owner is unable to be reached. This is to ensure no puppy from RLS finds itself without its owner in a shelter or pound.

We would strongly prefer to meet everyone who takes home one of our pups and highly

Rick and Jan Rock, Owners. Chelsea Rock, Manager. 33291 W Spearman Rd. Hermiston, OR 97838. Ph.1: 541-720-8367. Ph.2: 541-567-7459 Fax: 541-564-5951 Email: info@rockllewellinsetters.com Website: <http://www.rockllewellinsetters.com>

Rock Llewelin Setters

Raising Quality Setters in the Beautiful Northwest

recommend our buyers make the drive/flight here to pick up their pup. If this is not a possibility, we can arrange to ship the pup by air if the distance/flight seems reasonable for a young pup. Shipping expenses are the buyers' responsibility, which will be applied to the purchase price of the pup.

Our liability will be limited to, and in no event shall exceed the purchase price of the dog involved. If there are any abnormal health conditions known to RLS through its own or its vets' close examination while in its care, the buyer would be notified in advance of the potential sale and would accept responsibility for it upon completion of the sale. We advise that the buyer have the puppy examined by his or her own veterinarian within three days of the delivery and that the purchaser sends a copy of the examination/record to breeder within a period of one week of examination. If a novel concern is found during the recommended post-purchase vet exam that resulted because of the breeder's care, the buyer should contact us within 48 hours and reasonable solutions will be discussed. Should the buyer neglect the examination within the specified time period, we will accept no liability for any acute health concerns, as it will be the buyer's responsibility to maintain the health of the pup. The dog will be covered by an extended hereditary health guarantee until his/her third birthday for conditions screened for in OFA hip, elbow, thyroid, and eye tests; however, factors that will be considered in the resolution for any joint issues will include any veterinary record/note that the dog is overweight (or was during growth), or if the dog was spayed or neutered before one year of age. RLS's market isn't the kind that would "return" a dog to us, but a reasonable resolution will be reached so that the buyer is happy.

The dog **may not** be sold or given away without an **express written and signed agreement** from us. If there is a time when the dog must change homes, we will have prior purchase rights at that time for a period of two weeks from notification. The selling or giving away of the dog to a third party is only allowable after consultation with us so that we may be sure that the dog will be living in an acceptable home throughout its life. At no point in this dog's life may it be surrendered to a rescue or shelter; buyer has the responsibility to contact us if an emergency arises.

If the dog is to be bred, the buyer must wait until dog reaches the age of two years old, hunt or compete with the dog, register with the FDSB, complete DNA testing, and at minimum complete OFA hip, elbow, and eye screening. The buyer must also remain in contact with RLS if they are planning on breeding.

The buyer will also be expected to take the dog to receive veterinary care, when appropriate. Appropriate times may include emergencies, vaccinations, and other health care issues. The buyer will be expected to provide a clean, healthy environment for the dog to live in, to exercise, socialize and train this dog, and to not keep him/her contained in an outdoor kennel or tie out as his primary living conditions.

We ensure that all pups exhibit natural hunting abilities by the time of the sale; however, it is the buyer's responsibility to continue the dog's training, provide a variety of positive experiences in hunting environments, and maintain a supportive, gentle upbringing conducive to learning and confidence. We strongly urge the buyer to not to use harsh training methods that heavily rely on corrections, fear/intimidation, or pain/discomfort.

Rick and Jan Rock, Owners. Chelsea Rock, Manager. 33291 W Spearman Rd. Hermiston, OR 97838. Ph.1: 541-720-8367. Ph.2: 541-567-7459 Fax: 541-564-5951 Email: info@rockllewellinsetters.com Website: <http://www.rockllewellinsetters.com>

Rock Llewelin Setters

Raising Quality Setters in the Beautiful Northwest

We encourage our buyers to stay in touch, so that we may provide help or resources as needed. The buyer will be expected to update their contact information as it changes through their dog's life.

Please note that, as the breeders, we always maintains first pick of the litter, if desired.

Purchase Price-**

\$800 for a Breeding/Hunting/Pet Quality Female

\$750 for a B/H/P Quality Male

\$750 for a H/P Quality Female

\$700 for a H/P Quality Male

*Because of our great concern for each dog we raise, we reserve the right to refuse a sale to anyone, at any time, for any reason. We also reserve this right so that you don't end up with a dog we know isn't exactly what you're looking for. Either way, we are happy to help you find another dog; over the years, we have given out hundreds of referrals to breeders we trust.

**Prices are subject to change with notice to buyers. Prices vary due to RLS judged quality, which will be decided no earlier than six weeks of age. RLS can make no guarantee that said pups will mature into breeding quality dogs, understandably, but the BHP label at six-nine weeks old will be given to those pups that lack present undesired traits as far as RLS can determine. Prices may also vary due to age and training.

Rick and Jan Rock, Owners. Chelsea Rock, Manager. 33291 W Spearman Rd. Hermiston, OR 97838. Ph.1: 541-720-8367. Ph.2: 541-567-7459 Fax: 541-564-5951 Email: info@rockllewellinsetters.com Website: <http://www.rockllewellinsetters.com>

Rock Llewelin Setters

Raising Quality Setters in the Beautiful Northwest

For \$50 additional dollars our vet will insert a microchip under the skin for permanent identification (which includes the small fee to register the ID number). We strongly recommend this procedure and because of this, we will pay the other half of the implanting procedure; however, we will only schedule it if the prospective owner wishes. If he/she opts not to have this done while the pup is still at RLS, he/she should seriously consider it when the pup is taken in for later vaccinations or the spay/neuter. This is an **invaluable** method of identification, as all vets and shelters have universal readers that can identify each dog and return it to the owners.

If the buyer is planning to have to pup shipped to him/her, RLS will need to be contacted ahead of time, so that it can make the plans for shipping. Some basic expenses for shipping include handling, shipping carriers, airfare, and veterinary-approved health certificates. Buyer will be responsible for shipping expenses and must pay RLS for these expenses, which must be received prior to shipping.

RLS realizes that not all dogs should be bred. RLS recommends Hunting and Pet Quality dogs to be spayed and neutered at an appropriate age, for which RLS deducts a portion of the purchase price, and that extra caution and knowledge be in place to prevent unwanted pregnancies in the meantime. (See our listed articles on the subject.)

If a pup is sold as BHP quality, RLS expects that the owner uses his or her best judgment when considering breeding, in regards to the mature quality of the dog in hunting, temperament, conformation, and health; we would especially like such individuals to stay in contact so that help/advice may be provided when needed.

While RLS sincerely strives to breed healthy puppies, there are always possibilities of congenital or genetic defects, especially given Llewelin history. If RLS is selling a puppy that has a known congenital or genetic defect, the buyer will be informed of it immediately and a mutually acceptable course of action will be decided.

Additional late-pickup charges may be applied to the purchase price, if the puppy remains at RLS after ten weeks of age to cover the cost of feeding, vet expenses, and training. LATE-PICKUP CHARGES: \$20 per week until sixteen weeks of age. Older pups' prices will be determined at necessary time according to training.
